BIDDER'S DECLARATION AND UNDERSTANDING

The undersigned, hereinafter called the "Bidder," declares that the only persons or parties interested in this proposal are those named herein, that this proposal is, in all respects, fair and without fraud, that it is made without collusion with any official of the District, and that the proposal is made without any connection or collusion with any person submitting another proposal on this contract.

The Bidder further declares that the contract documents for the construction of the project were carefully reviewed, including materials and equipment, conditions of work involved, and including the fact that the description of the quantities of work and materials, as included herein, is brief and is intended only to indicate the general nature of the work and to identify the said quantities with the detailed requirements of the contract documents, and that this proposal is made according to the provisions and under the terms of the contract documents, which documents are hereby made a part of this proposal.

Submission of this proposal shall be conclusive evidence that the Bidder has investigated the availability of all equipment and materials required for the work specified and is satisfied that deliveries of equipment and materials can be scheduled so as to complete the work in all respects within the completion times specified herein.

The Bidder understands and agrees that if a contract is awarded, the employees of Bidder and Bidder's subcontractors shall be paid wages which are no less than the prevailing wage rates as determined by the California Department of Industrial Relations pursuant to the California Labor Code. The Bidder who is awarded the contract shall post at the job site a copy of the prevailing rates of per diem wages as determined by the California Department of Industrial Relations at the job site.

The Bidder understands that the District reserves the right to reject any and all bids and to waive any information in the bidding.

CONTRACT EXECUTION AND BONDS

After receiving the Notice of Award (NOA), the Bidder shall comply with the terms set forth in Section 00100, Article 23. The Bidder will, to the extent of this proposal, furnish all machinery, tools, apparatus, other means of construction, and do the work and furnish all the materials necessary to complete all work as specified or indicated in the contract documents.

If awarded a contract by the District's Board of Directors, the Bidder shall sign the contract in the blank space(s) provided therefore. If the Bidder is a sole proprietor, the true name of the fictitious business shall be set forth above, if operating under a fictitious name, together with the signature of the sole proprietor. If the Bidder is a partnership, the true name of the partnership shall be set forth above, together with the signature of the general partner authorized to sign contracts on behalf of the partnership. If the bidder is a corporation, the legal name of the corporation shall be set forth above, together with the signature of the president and secretary of the corporation. If the Bidder is another entity, the true name of the entity shall be set forth above, together with the signature of two senior officials authorized to sign contracts on behalf of the entity.

CONTRACT COMPLETION TIME

The Bidder further agrees to begin work and to complete the construction, in all respects, for which the proposal is accepted within **TWO HUNDRED TWENTY NINE (229)** calendar days from the date stated in the Notice to Proceed.

LIQUIDATED DAMAGES

Failure of the Contractor to complete the work within the time allowed will result in damages being sustained by the District. Such damages are, and will continue to be, impracticable and extremely difficult to determine. For each consecutive calendar day that the contractor fails to substantially complete all work in excess of the time period specified for the completion of the work, as may be adjusted in accordance with these contract documents, the contractor shall pay the District, or have withheld from monies due it, liquidated damages in the sum of **TWO THOUSAND DOLLARS (\$2,000)** per calendar day.

By execution of the contract, the Contractor and District agree that these liquidated damages and amounts are not unreasonable under the circumstances that exist at that time the invitations for bid were requested and at the time the contract was entered into and that the amount specified above per calendar day is the minimum value of the costs of actual damage caused by the failure of the contractor to complete the work within the allotted time. The liquidated damages shall not be construed as a penalty, and may be deducted from payments due the contractor if such delay occurs.

ADDENDA

The Bidder hereby acknowledges that he has received Addenda numbers 1, 2, 3, _____, _____ to these contract documents by inserting the number of each Addendum in the spaces provided above.

SALES AND USE TAXES

The bidder agrees that all sales and use taxes are included in the stated bid prices for the work, unless provision is made herein for the Bidder to separately itemize the estimated amount of sales tax.

BID LIST REQUIREMENTS AND UNDERSTANDING

Bids are to be submitted for the entire work. All bid items must be filled out, and extension carried out as appropriate. **A blank space will be considered non responsive, if zero is intended then a "0" must be entered for both unit price and amount.** In case of discrepancy between the unit and lump sum prices and in the total amounts set forth in extension, the unit and lump sum price shall prevail. For purposes of comparison, the total bid amount of the bid will be the total of the base bid plus additive bid item(s). In the event the total bid amount does not agree with the sum of the total amounts for each item, the unit and lump sum price bid for each item along with its corrected/uncorrected total amount extension, shall govern. The total bid amount will be corrected accordingly, and the contractor shall be bound by said correction. The Bidder further agrees to accept as full payment for the work specified herein, the amounts computed below based on the following lump sum and unit price amounts, it being expressly understood that the unit prices are independent of the exact quantities involved. The Bidder agrees that the lump sum amounts and unit price amounts represent a true measure of the labor, material, and equipment required to perform the work, including all allowances for overhead and profit. If so requested by the District, the Contractor shall substantiate any price or prices with additional detailed price breakdown.

During or after the award of the contract, the District reserves the right to increase or diminish the amount of any item of work or item(s) as may be deemed necessary. The unit prices shall remain unchanged for the duration of this contract even if the unit quantities are decreased by any amount or increased up to 150%. The District also reserves the right to delete any bid item(s) in its entirety.

Quantities for lump sum items are shown as "LS" under the unit column and shown as one (1), however all required work for that item is inclusive. For example, a lump sum item, for potholing may involve several potholes in order to perform the required work, and the unit price of that lump sum item shall remain unchanged for the duration of this contract.

If Bidder uses add/deduct items, the Bidder will be required to identify the specific item(s) being changed and amount(s) for each in order to be considered a responsive bidder. In case of discrepancy between the Change Amount and the Adjusted Bid Item Amount, the Change Amount shall prevail.

THE UNDERSIGNED DELCARES UNDER PENALTY OF PURJURY under the laws of the State of California that the representations made in this Bid are true and correct.
