

Flexible Spending Account

Open a WageWorks Flexible Spending Account (FSA) and Save Money. It's EZ.

What is an FSA?

An FSA is an account that allows you to set aside money, before taxes, to use on eligible health care and dependent care expenses. You elect how much you want to contribute, and your employer deducts the amount from your paychecks for the plan year. Since you use pretax dollars you lower your taxable income, and you use tax-free money for expenses.

Two kinds of FSAs and their eligible expenses.

Health Care FSA

For eligible health care services and items for you, spouse and dependents.

- ▶ Prescriptions
- ▶ Over-the-counter items and medicines*
- ▶ Co-payments
- ▶ Dental care, orthodontia
- ▶ Vision care, eye surgery
- ▶ Therapies

Dependent Care FSA

For eligible child and adult dependent care expenses.

- ▶ Before- and after-school programs
- ▶ Day care and nursery schools
- ▶ Preschool
- ▶ Dependent adult day care
- ▶ Transportation provided by care provider

These are just a few of the many services and items people use everyday. Complete lists of eligible expenses are provided on takecarewageworks.com.

* A doctor's prescription is required for over-the-counter (OTC) drugs and medicines in order to be FSA eligible. Over-the-counter items, such as bandages, do not require a prescription.

How to use your funds.

WageWorks wants to make using your FSA as easy and convenient as possible. That's why we offer you choices.

- ▶ **take care® Card**
 - Debit card preloaded with your annual election amount
 - Use it at providers or merchants with an industry-standard approval system at the checkout (most drug stores, pharmacies and big-box retailers)
 - Learn more about the approval system and find stores near you at www.sigis.com
- ▶ **Pay Me Back**
 - Use out-of-pocket funds then request reimbursement from your FSA. File a claim online, with the **MyFlexSM Mobile** app, by fax, email or mail.

Saving up to 40%
on health expenses.

Awesome.

That's exactly what I need.

What else you should know.

Q. When can I use my funds?

A. Health Care FSAs are fully funded at the start of your plan year for immediate use. Dependent Care FSAs require that the funds are contributed before they can be used.

Q. Who regulates the use of FSAs?

A. FSAs are regulated by the IRS, who determines what expenses are eligible. Most FSA purchases can be verified automatically but you may be asked to submit documentation. Always ask for an itemized receipt and save all receipts.

Estimate your savings.

How much you save depends on how much you spend on health and dependent care, and on your tax situation. For every \$100 of eligible expenses, most people will save up to \$40 in taxes. To estimate your expenses and see for yourself how your savings can add up, use the savings calculator at FSAWorks4Me.com/takecare.

Helpful tips, guides and FAQs are available online at takecareWageWorks.com. WageWorks Customer Service professionals also are standing by to help you. Just Call 1-800-950-0105, Monday – Friday, 8 a.m. – 7 p.m. Central time.

Notes:

1 Requires a doctor's prescription as of 1/1/2011.

2 Your employer determines the maximum annual amount you can contribute for your plan, which cannot exceed \$2,500, effective 1/1/2013, per IRS rules. Confirm with your employer or check your summary plan description for the maximum annual contribution limit allowed for your plan.

3 Tax savings amounts are examples provided for illustrative purposes only. They are based on federal, state, and FICA (Social Security) taxes that you do not have to pay through payroll deductions on amounts used to fund your account. Your actual savings may vary depending on your marginal income tax rate, whether you pay state income taxes, and other factors. Some states do not recognize tax exclusions for FSA contributions.
