Delta Dental PPO and Delta Dental Premier are open networks that allow enrollees to visit any licensed dentist, either in the PPO network, where you will save the most on your out-of-pocket costs, the moderate cost Premier network or outside the Delta Dental network, where there are no cost protections. Enrollees who visit a network dentist receive the advantages of no billing beyond the charges allowed by the plan and the submission of claims by dentists. In Texas, Delta Dental Insurance Company offers Dental Provider Organization (DPO) plans.

DeltaCare USA is a closed network plan that features set copayments, no annual deductibles and no maximums for covered benefits. Enrollees select a primary care dentist in the DeltaCare USA network from whom they receive treatment, as in a traditional dental HMO. In LA, MS and MT, DeltaCare USA is offered as an open access plan where enrollees can obtain treatment from any licensed dentist; however, deductibles and maximums may be applied for services provided by an out-of-network dentist.
