How to Locate a Chiropractor or Acupuncture Provider Under the HMO Plan

3) Once you select either "Acupuncturist" or "Chiropractor," the window below will pop-up and prompt you to go to the "American Specialty Health Network" page. Click on the link to take you there.

4) Once there, choose the desired provider type from the "Service Type" drop-down. Once you choose the Service Type, you can narrow your search by selecting an option from the "Search By" drop-down menu (ZIP code/proximity, state/city, etc.). After selecting an option, type in the required information, then click "Submit".

5) A list of providers will appear with contact information, as well as whether the provider is accepting new patients. You can also find further details by clicking on "Provider Details". Finally, you can also download the provider directory.
