## **Notice of Multi-Residential and Commercial Sewer Rate Increase**

### **NOTICE OF SEWER RATES AND CHARGES EFFECTIVE FOR SEWER SERVICE BILLED IN JANUARY 2016**

Dear Customer,

As part of the Otay Water District's (District) annual budget adoption process completed in June 2015, the District approved a zero percent (0%) rate increase. Therefore, the January 2016 sewer rates and charges will remain the same as the January 2015 sewer rates and charges. **This letter provides a 30-day notice of rate increases.**

The District is a revenue-neutral public agency. Your sewer bill reflects only those charges sufficient to support your sewer service. To continue providing sewer service, the District must adjust its rates for service, implement certain rate increases, and pass-through costs from the District's treatment and disposal providers (including but not limited to the County of San Diego and the City of San Diego) to its customers that reflect the full cost of providing the service.

Such costs include inspection and preventative maintenance of the public sewer system, and replacement of aging sewer infrastructure. These actions protect the public's investment in the public sewer system, minimize maintenance costs, reduce the possibility of pipeline breaks, blockages or spills, and keep sewer rates affordable.

On September 4, 2013, the District adopted a five-year schedule of rates in compliance with applicable provisions of law. This sewer rate increase is within the limits approved in the five-year schedule of rates.

For its part, the District has worked diligently to reduce internal costs and continues to be one of the lowest cost sewer service providers in San Diego County. ## Multi-Residential and Commercial Sewer Service Bill Calculation

The District is required to determine sewer rates in accordance with the State's Revenue Program Guidelines. The State Water Resources Control Board (SWRCB) has grouped commercial customers into various categories and has identified Strength Factors for each of these business categories. The standard of measure for Strength Factors is the typical sewer strength of a single-family residence (SFR). The Strength Factors established by the SWRCB are listed below and are used by the District in the calculation of commercial sewer rates. These factors are in terms of the strength relative to a SRF, with a SFR having a strength factor of 1.

### Multi-Residential Sewer Service Bill Calculation

$$(\text{Winter Average Consumption}^{(1)} \times .85^{(3)} \times \text{Usage Fee}^{(4)} \times \text{Strength Factor}^{(5)}) + \text{System Fee}^{(6)}$$

### Multi-Residential Sewer Service Bill Calculation

$$(((\text{Average Annual Consumption}^{(2)} \times .85^{(3)}) \times \text{Usage Fee}^{(4)}) \times \text{Strength Factor}^{(5)}) + \text{System Fee}^{(6)}$$

## Rates and Fees

	<u>Usage Fees</u>		<u>Meter Size</u>	<u>System Fees</u>	
	<u>Current</u>	<u>New</u>		<u>Current</u>	<u>New</u>
Multi-Residential	\$2.46	\$2.46	.75"	\$27.07	\$27.07
Commercial:			1"	\$39.86	\$39.86
Low Strength	\$2.46	\$2.46	1.5"	\$71.82	\$71.82
Medium Strength	\$3.53	\$3.53	2"	\$110.17	\$110.17
High Strength	\$5.63	\$5.63	3"	\$199.66	\$199.66
			4"	\$327.51	\$327.51
			6"	\$647.12	\$647.12
			8"	\$1,030.67	\$1,030.67
			10"	\$1478.12	\$1478.12
<u>Commercial Strength Factors</u>					
	<u>Current</u>	<u>New</u>			
Low Strength	1.000	1.000			
Medium Strength	2.000	2.000			
High Strength	4.000	4.000			

## Footnotes

- (1) Units of water billed from January through April of the previous year divided by four.
- (2) Units of water billed from January 2014 through December 2014 divided by twelve.
- (3) Flow is reduced by 15 percent to reflect that not all water purchased is disposed of into the public sewer system.
- (4) Based on the account's Strength Factor as shown on the Usage Fee table as being either Multi-Residential, Low, Medium, or High.
- (5) Categorized as low, medium or high strength as shown on the Strength Factor table.
- (6) Based on the size of the water meter.

*This information reflects only changes to rates. For a comprehensive listing of rates, please see the Otay Water District's Code of Ordinances at [www.otaywater.gov](http://www.otaywater.gov). Prolonged drought conditions or declared water shortages may impact rates.*
